little things

Little words are the sweetest to hear; little charities fly farthest, and stay longest on the wing; little lakes are the stillest; little hearts are the fullest, and little farms are the best tilled. Little books are read the most, and little songs, the dearest loved. And when Nature would make anything especially rare and beautiful, she makes it little; little pearls, little diamonds, little dews. Agar's is a model prayer; but then it is a little one. The Sermon on the Mount is little but the last discourse was an hour long. Life is made up of littles; death is what remains of them all. Day is made up of little beams, and night is glorious with little stars.

dedication

It is the general feeling of the Class of 1966 that our yearbook should be dedicated to the person who has influenced us most beneficially during our impressionable high school years. This person has masterfully blended a challenging new outlook on all he teaches with the personal appeal of his wit and good humor. The result is classes which are scintillating, rewarding, and unforgettable.

We have all been most impressed by this teacher's qualities of fairness, frankness, and openmindedness.

Through his deep concern for the individuality of his students and his sincere respect for all their opinions, a close relationship between him and his students has been established. His solid Christian character has been evident in the content and manner of his teaching and has been a fine example that will remain with us for the rest of our lives.

We therefore, with great pleasure, dedicate this year's "Mount" to Mr. James Coughlin.

The small stones
which fill up the
crevices
Have almost as much to do
with making the firm wall
As the great rock;

So do the small moments
we have spent with them
Fill the crevices
of our foundation.

Rutland Historical Society and the Rutland Free Library.

We, the students of M.S.J., would like to recognize Reverend Poirier for his contributions to the Academy as well as to his parish.

Ordained into the priesthood June 14, 1930, Father Poirier served as assistant at St. Joseph's in Burlington and at Notre Dame des Victoires Parish in St. Johnsbury.

In 1936 Father Poirier was appointed pastor of St. Amadeus Parish in Alburg where he remained until 1962. That year Father Poirier was appointed pastor of Immaculate Heart of Mary Parish in Rutland.

Here in Rutland Father Poirier was a member of the Fourth Degree Knights of Columbus, the National Conference of Christians and Jews, and he served for three years on the M.S.J. School Board.

Dear Graduates:

Your yearbook is a journey into the past; not the remote past, but those four wonderful years which are being climaxed this week with your graduation from M.S.J. As such it will be perused often and treasured for years.

With graduation from high school many of the activities and interests of the past years will be left behind. You will be entering new worlds, you will be making new friends, you will find new interests, new challenges. The very nature of high school makes all of this necessary; your stay here was never intended to be permanent. Rather we were expected to help you through your formative years, to help you build the foundations upon which your future must now arise. What that superstructure will be will depend upon many factors but mainly it will depend upon you.

For four years, then, we have had a part in your intellectual and spiritual growth. We have tried to present the wisdom of the ages, to give you a taste of culture, to lead you along the paths of right reasoning, correct thinking and clear expression. And all of this we have tried to do within the framework of Christian truth and discipline. Hopefully you are now equipped to form healthy attitudes, to make prudent decisions, to become truly Christian personalities, to create happy and useful lives.

As you begin your venture into the future our prayer for you is that God will bestow His choicest blessings upon all that you do and that, in return, from your hearts there will arise a profound exemplary love to light and warm the world around you.

Father Searles

TO THE CLASS OF 1966:

Never before has so great a challenge awaited you as you go forth to take your place in the world. You are being challenged to make your mark on society and to enrich your own lives in the process.

And never before have the opportunities been so numerous to meet this challenge. Daily advances in science, new exploration of the arts, and an ever increasing effort to bring these findings to the threshold of those determined to educate themselves formally or informally—all exemplify the opportunities waiting for those who would seek them. They reveal a vast arena where challenge meets opportunity and where opportunity gives birth to further challenge.

Each of you has something distinctive to offer to the world. Character and temperament, personality and intelligence, talent and determination—these are all yours to use for good as you meet the challenge through the opportunities you are willing to explore.

The Catholic education you have received should enable you to recognize truly Christian values where they are present, and to provide them where they are absent, so that you may illumine the world with the light of Christ. May this Light grow brighter in your own lives, and may you be the instrument for its illumination in the lives of others until the day when Divine Love shall make this Light shine perfectly through union with Him forever.

student retreat

Dick Griffith gives books, symbolizing the offering of academic success, to Father Searles at the closing Retreat Mass.

This year the annual school retreat was given in two sections. Father McGough, from Waverly, N.Y., conducted the Senior, Junior, and Sophomore Retreat, while Father Sheerer, from Boston, Mass., conducted the Freshman Retreat. Both groups were satisfied with this new setup and felt they benefitted from the retreat.

Father Sheerer and Father McGough talk with a group of students during the retreat. l to r.: M. Miglis, D. Gorruso, M. Battles, G. Musetti, M. Dawley.

Father McGough gives the Papal Blessing at the end of retreat.

Sister John Paul and Sister Miriam Teresa for "putting up" with our disorganized ways and helping us meet those hectic deadlines.

Father Searles for giving us the almost exclusive use of your car. We will always remember your reply when we asked for it—"Well, I suppose so!"

Mr. Norm Porter for your fine cooperation and excellent photography. We sincerely appreciate your promptness in developing our pictures, especially those last-minute division page pictures.

Mr. Robert Frazier for your much-needed advice and your assistance with our photographic needs.

from the editors —

We would like to thank all those who have made the 1966 MOUNT possible. The production of a yearbook is a group effort. This year's staff has proven themselves to possess such a spirit. Always willing to help, they have sometimes spent hours in the chemistry lab, struggling to improve lay-outs and to rewrite copy.

Our typists were always available and willing to help us in tight situations. If a mistake was made, they patiently erased on all three sheets of our triplicates.

We recall the efforts of David Haynes and Mary Ann Keefe, our Business Manager and Assistant Manager, respectively, and their staff members in securing advertisements to finance our yearbook.

Our moderators, Sister Miriam Teresa and Sister John Paul, patiently guided and directed our efforts through those hectic months of yearbook work, especially those last minute deadline rushes.

Father Searles was always ready to assist us in any way possible, especially by the use of his "Fearless Falcon".

We are particularly grateful to Mr. Norm Porter, our official photographer, whose excellent pictures made these pages possible and to Mr. Robert Frazier of Lindholm's Sports Center whose advice and assistance aided us considerably.

We also wish to thank our student photographers, Joseph Pawlusiak and John Davidson, for their fine snapshots of everyday school activities. They were always cooperative, even at the most inconvenient times.

In September we eagerly began our yearbook. Despite the difficulties, we enjoyed many amusing incidents. In compiling our yearbook, we have tried to recapture for you and for ourselves not only the big events but also the little things which make us happy to have been a part of MSJ.

In the years to come we, as editors, will look back on the '66 MOUNT and remember the time spent composing it as the most rewarding experience of our high school career.
